2. Pratham Foundation Certificate Course on Skill Development

Government College Sangrah, in collaboration with the **Pratham Educational Foundation**, has launched a one-month skill-based training programme titled “**Camaal Ka Camp**” from **May to June 2025**. This initiative is being conducted through the Shaheed Bhagat Singh NSS Unit with the aim of strengthening community-oriented learning practices. Under this programme, **45 NSS volunteers** have been selected to work directly in their respective villages, where they will teach foundational subjects such as **Mathematics and basic literacy to children aged 4 to 13 years**. The training not only supports rural children by providing quality early-level education but also equips college students with practical exposure to teaching methods, child engagement techniques, and adaptable instructional strategies. As a result, the programme creates a meaningful two-way learning environment—children receive essential academic support, while NSS volunteers gain hands-on experience in educational outreach at the grassroots level.
